

MISSION: Helping promote community health and wellness.

PURPOSE: We are a public/private alliance of organizations who are working together to help ensure all Allegan County residents have access to resources, education and affordable quality healthcare.

- All Community Health Improvement Plan statistics are based on the County Health Rankings for Allegan County. (countyhealthrankings.org)
- The Goals, Strategies and Objectives of this 3-year plan encourage the utilization of evidence-based approaches to prevention and treatment.
- Information for services referenced in this plan is accessible through 2-1-1.

Members of the HACC commit collaboratively to ensure everyone in the community has:

- Affordable and stable housing
- Healthy and affordable food
- Access to adequate educational opportunities
- Knowledge about healthy choices and healthy behaviors
- Access to health and wellness resources and information
- Access to affordable and quality health care
- An environment that promotes health and wellness
- Social support and connections to support health and wellbeing
- The ability and desire to contribute positively to society and become self sufficient

Members of the HACC commit under this MOU to:

- Update and maintain 2-1-1 call center with current services offered to ensure efficient user referrals
- Commit to regular agency representation at HACC meetings
